ACTIVE TO PASSIVE

Trpnik (=passive) je v angleščini veliko pogostejši kot v slovenščini.

Tvorimo ga lahko samo takrat, če poved vsebuje predmet: (Koga ali kaj?)

Predmet (Koga ali kaj?) v trpniku postane osebek (Kdo ali kaj?)

ACTIVE	PASSIVE

They make paper from wood. (Papir izdelujejo iz lesa.)	Paper is made from wood. (Papir je izdelan iz lesa.)
They use chopsticks in China. (Palčke uporabljajo na Kitajskem.)	Chopsticks are used in China. (Palčke se uporabljajo na Kitajskem.)
They sell apples at the grocer`s.	Apples are sold at the grocer`s.

Na isti način tvorimo trpnik v pretekliku, uporabimo WAS ali WERE + 3.oblika glagola.

ACTIVE	PASSIVE
