

Sodelovanje: Delati moramo skupaj kot skupina, se razumeti, da opravi dogovorjeno delo.

Collaboration: We need to work as team meaning we have to understand each other well and do the work evenly.

Sporazumevanje: Dogovori se sprejemajo v pisni in ustni obliki, v slovenščini ali angleščini, z besedo ali z sliko.

Communicator: We had to talk our teammates and discuss things as well as made many documents containing information about our topic.

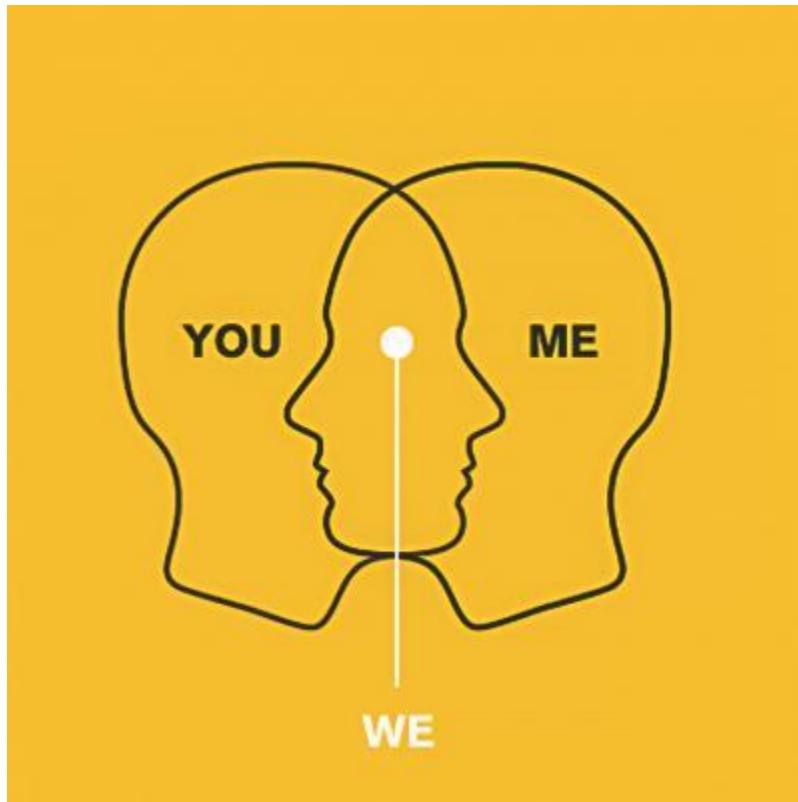

Research skills: we had a lot of pre- knowledge and gained new information from the research to make conclusions for certain things. We were also thinking if the source makes sense or not and then start relying on the source.

Raziskovanje: Pridobili smo veliko znaja s pomočjo iskanje infomacij z uporabo raznolikih virov.

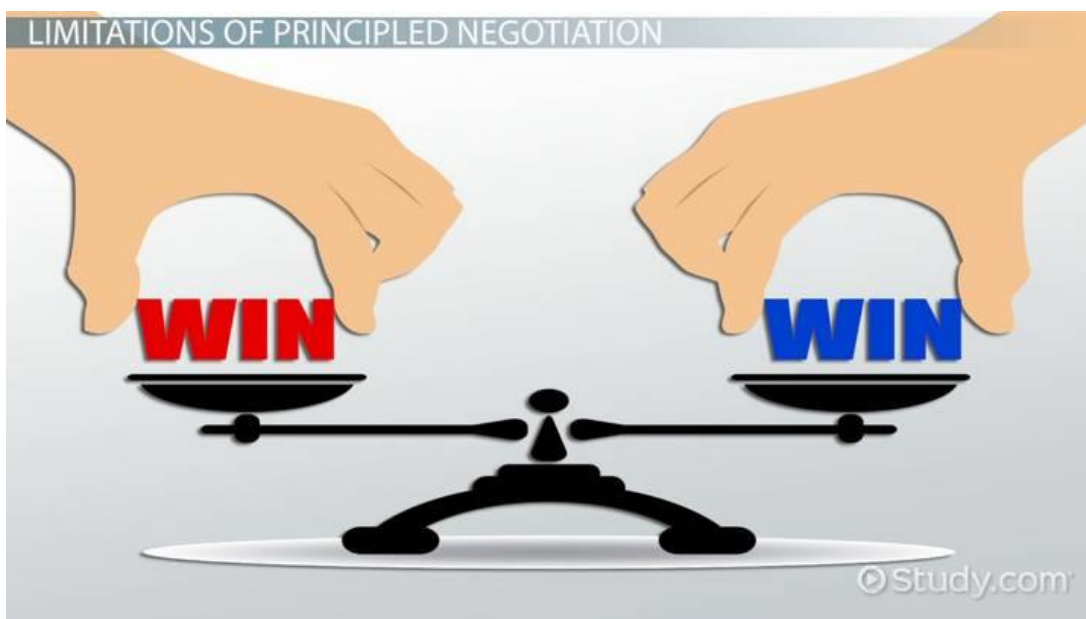

Open – minded: We had to think from all different perspectives while finding a solution for the problem. For example, we cannot have the equipment in the playgrounds only accessible for wheelchairs but also the kids who cannot move.

Različni pogledi: K problemu smo pristopili iz različnih zornih kotov, posluževali smo se različnih virov in oblikovali različne rešitve.

Sočutje: Pokazali smo sočutje do drugačnih.

Empathy: We have to show some empathy on the disabled kids and be caring to them in order to work with them and find out what they need.

Spoštljivi, načelni: Spoštljivo smo se obnašali do strokovnjakov, ki so nam pomagali raziskati problem, do članov ekipe.

Principled: We have to respect every one and be honest when something goes wrong or take responsibility of our own problems.
