The Magic Show

es to teachers, parents, and carers

Ladybird Readers Beginner level helps young language learners to become familiar with key conversational phrases in English. The language introduced has clear real-life applications, giving children the tools to hold their first conversations in English.

This book focuses on giving the instruction "Look!" and provides practice of saying prepositions of place, such as "on", "in", and "under", in English. The pictures that accompany the text show a classroom setting, which may be used to introduce one or two sets of topic-based vocabulary, such as "chair" and "sit", if the children are ready.

There are some activities to do in this book. They will help children practice these skills:

-  Speaking
-  Listening*
-  Writing
-  Reading
-  Singing*

*To complete these activities, listen to the audio downloads available at www.ladybirdeducation.co.uk
