$$\text{USB drive} = \text{CD} + \text{CD} = \square$$

$$\text{Handheld console} = \text{Mobile phone} + \text{CD} = \square$$

$$\text{Computer monitor} = \text{USB drive} + \text{CD} + \text{Mobile phone} + \text{CD} = \square$$

$$\text{Laptop} = \text{Mobile phone} + \text{USB drive} + \text{Handheld console} = \square$$
