

You and your friend went to the circus and got a magical potion. You used the potion where did you put the bottle?

In the morning you gave your cat milk. You have to put the plastic in to the bin. In which bin will you put it?

Your dog pooped on the way to the park, where will you put the poop?

What would you rather buy, that it would be friendlier to the community, a plastic bag to use once or a textile bag for multiple use?

How could you be nicer to the community, that you drive with a car or that you drive with a bike?

Jure bought in the store a plastic bottle of water, but Miha has (?bidon?) for a multiple use. Which choice is better?

You noticed that someone through a newspaper in to the wrong bin. What would you do and in which bin would you put it?

You drank a juice. Where would you put the plastic bottle?

From the lunch their stayed left overs of food, where will you put the food?

The comunal gave you an award for good recycling thats why you can throw again.

Your friend had a party. You ate $\frac{3}{4}$ of a bag of chips. were are you going to put the chips and were the bag.

Count all of the trash cans in which we recycle trash.

From a glass jar you ate all the marmalade. Were will you put the glass jar.

Oh, No you got a black card, thats why you lose 3 points and lose a turn.

Hip Hip Hooray!!

You got the golden card. You get 3 points and you get a point.
