Room on the Broom

One day a witch and a cat flew on a broom.

The witch lost her hat. A dog found her hat. The witch lost her bow and a green bird found the witch's bow. She also let go of her wand but a green frog found the wand. Everybody flew on the broom. The frog jumped and the broom snapped in two. The animals fell in a bog. A hungry dragon wanted to eat the witch but a monster with four heads scared the dragon away.

The cat put a cone, the dog put a bone, the bird put a twig and the frog put a lily in the cauldron, the witch said her magic spell and out came a new magnificent broom.
