

Escorted tours in **Canada**

Maple Explorer from Toronto

Journey to the land of maple trees to discover Canada's historic heartland, Quebec. A memorable trip at all times of the year but spectacular in the fall when the maple trees are turning red!

Itinerary

Days 1 / 2 Toronto

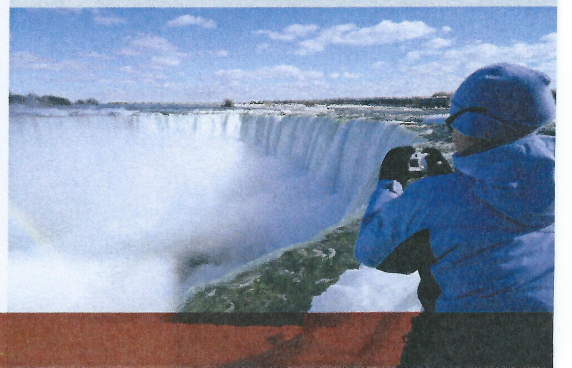

After an overnight stay in the city, spend the morning exploring cosmopolitan Toronto. Rise to the top of Canada's tallest free-standing building, the CN Tower (553.3m), for beautiful views of Toronto and Lake Ontario. In the afternoon, move on to one of the world's great natural wonders, Niagara Falls. Enjoy close up views of the falls on the famous Maid of the Mist cruise.

Days 3 / 4 Ottawa

Say goodbye to Toronto and travel north along the shores of Lake Ontario to Canada's capital city, Ottawa, famous for its stately boulevards, imposing buildings and beautiful parks. Visit the Parliament, the Royal Canadian Mint, City Hall and the National Art Gallery.

Days 5 / 6 Quebec City

Follow the St Lawrence River to Quebec City, the first French settlement in North America. The only walled city in Canada, Quebec has an old world charm and is reminiscent of a medieval European town. Walk around the town and admire the work of the local street artists or visit the Plains of Abraham, where a historic battle between the French and British decided the fate of Canada in 1759.

Vocabulary

- 3** List the wild animals that are common in Canada and write the equivalents in your language.

Speaking

- 4** Work in pairs. Use the information in the brochure to complete the dialogue on the right.

Writing

- 5** Write a tourist itinerary for a five-day tour in your country. Use the itinerary for the tour in Canada as a model.
